BIG RED Spray Marker Dye

DIRECTIONS FOR USE

Rate	Volume	Critical Comments
5 - 10mL	Per 10 Litres of spray solution.	Use higher rate if more intense colour marking is required.
50 – 100mL	Per 100 Litres of spray solution.	
20 – 30mL	Per 10 Litres of foam marker diluted mixture.	Will convert white foam to pink for easier identification in specific situations.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS

SPRAY MARKING: Suitable for use with both liquid and powder herbicide products and can be used to help identify sprayed areas.

FOAM MARKER DYE: Where a coloured foam is required for foam markers, add at the recommended rate to dilute foam mixture.

BIG RED is a red marker dye to assist in the identification of sprayed areas. A convenient, economical method of minimising spray wastage. When used as a foam marker colouring agent, white foam will become pink in colour to assist identification.

MIXING

Important Note: When using in conjunction with amine based products such as Amine 625 and MCPA 500, ensure that the BIG RED Spray Marker Dye is thoroughly mixed with water before adding any herbicide. Then slowly add the herbicide whilst the spray tank is being agitated. Thoroughly clean out tank and equipment after each use.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate dams, rivers, drains or streams with the chemical or used containers.

STORAGE AND DISPOSAL

Store in the closed, original container in a cool, well-ventilated area. Do not store for prolonged periods in direct sunlight. Triple-rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose, clear of waterways, desirable vegetation and tree roots, in compliance with relevant local, state or territory government regulations. Do not burn empty containers or product.

SAFETY DIRECTIONS

DO NOT swallow. Avoid contact with eyes and skin. DO NOT inhale spray mist. Wash hands after use.

FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre. (Telephone 13 11 26).

SAFETY DATA SHEET

For further information, refer to the Safety Data Sheet (SDS) which is available from the supplier or from our web site, www.sipcam.com.au.

NOTICE TO BUYER

This product must be used in accordance with the directions for use.
