Sipcam Agro USA Celebrates 40 Years of Innovation and Growth, Joining Parent Company Sipcam Oxon's 80-Year Legacy

(DURHAM, NC) May 30, 2026 – **Sipcam Agro USA**, a leading provider of crop and turf protection solutions, proudly celebrates 40 years since its incorporation on May 30, 1986. The milestone coincides with a historic year for its parent company, **Sipcam Oxon Group**, which is marking 80 years since its founding in Milan, Italy, in 1946.

For four decades, Sipcam Agro USA has built a reputation as a trusted partner to growers, delivering a diverse portfolio of high-quality plant protection products for agriculture and turf markets. With headquarters in Durham, North Carolina, the company continues to refine and innovate its offerings to meet the evolving needs of modern agriculture.

“Sipcam Agro USA’s 40th anniversary is a testament to our enduring commitment to growers and our ability to adapt in a rapidly changing agricultural landscape,” said **Brent Marek**, CEO/COO of Sipcam Agro USA. “We are proud to be part of the broader Sipcam Oxon family, whose 80-year legacy of innovation and global collaboration continues to guide our success.”

Sipcam Agro USA is part of the **Sipcam Oxon Group**, an international network of agrotechnology companies recognized as a leader in the development, registration, production, and marketing of crop protection solutions. Together, the organization’s long-standing expertise and global reach provide a solid foundation for continued growth and innovation.

Strengthening the company’s North American footprint are its sister organizations:

- **Sipcam Agro Solutions** (est. 2023), a custom formulation and packaging facility located in Waynesboro, Mississippi, which supports product development and supply chain capabilities; and
- **Sipcam Agro Canada** was established in 2024 as a Canadian division and expansion of Sipcam Agro USA, headquartered in the United States. Sipcam Agro Canada delivers crop protection and biostimulant solutions tailored to Canadian growers.

These entities, alongside **Sipcam Agro USA**, represent a coordinated North American platform dedicated to delivering comprehensive and locally responsive agricultural solutions.
